Reduce your postal costs with one of the following solutions.

IS-Series:

The IS Series of intelligent mailing systems is the key to meeting the USPS Shape Based Pricing structure. When equipped with a dynamic weighing platform, it measures the length, width, thickness and weight of each mail piece to calculate exact postage rate.

Folder Inserter:

A Neopost Folder Inserter will help you reconfigure the flats you're now mailing into letter-size envelopes, **saving you up to 49%** on postage under the new rules.

Address Printers:

With the Rate Change, the USPS is offering steep postal discounts for those who format their addresses for USPS mail automation rates, which could **save you up to 46%** on your postage costs.

Software Solutions:

Neopost's Postal Accountant gives you the reporting tools you need to control postage expenses. Our multi-carrier shipping software solutions allow you to compare rates from all major carriers and streamline your shipping data management process, saving you **up to 20%** on total shipping cost.
