ABS Nifty Ninety Day Promotion

Advantage Business Systems hosted it's first annual Nifty Ninety-Day Promotion. The contest kicked off in January 2007 with final points tallied on April 25th. Of the 15 people company-wide contest there was a strong turnout of 6 who chose to participant and two earned induction into the ABS 2007 Eagle Club.

As the company adapts to gracefully handle increasing activity while achieving it's mission and purpose, the company began with emphasis on personal development. Company-wide the entire team signed the mission and purpose statement which is proudly posted in the technology systems showroom. The statement begins with "To be of high moral character and good repu-

tation before God and man" and "to maintain sustained profitable growth and corporate durability". Annual emphasis and recognition on personal growth enhances the work environment,

prepares the team for success, and ensures the ABS of the future to be one that all will be warmly proud to be called an

important part.

Reading and listening to healthy, thought provoking, positive attitude material counted for "Points" in the promotion. In addition to nuggets of truth the points achieved yielded cash for all six who reported their efforts. Two contestants, Mason and Thomas, earned the fifty point mark inducting them into the ABS 2007 Eagle Club and a victory meal at Char restaurant on May 1st.

Congratulations to all the seen and unseen accomplishments of the ABS team. With the fundamentals exercised in and out of the Nifty Ninety-Day promotion the entire ABS team is better conditioned for winning. "A quick, small team can beat a big, slow team any time."* Let's win!
